BARGES WRECKED AND COAL IS LOST WHEN TOW GOES OVER DAM

One of Worst River Accidents in Recent History Occurs at Lock No. 4

LOSS APPROXIMATES \$35,000

New Type of Steel Vessels Believed Completely Wrecked—Steamer Sailed Has Hard Tussle to Prevent Being Pulled Over.

Sixty-five thousand bushels of coal were consigned to the bottom of the river and three valuable coal barges were wrecked, while the Towboat Sailed had a narrow escape from destruction at Lock No. 4 dam this morning at 1:25 o'clock. The Sailed became unmanageable from high river and high wind and was forced as a last extremity to cut loose from the barges. They piled over the dam, while the Sailed with engines pushed to the limit backed away from the danger point. The accident, one of the worst in recent years in the upper Monongahela valley, carries with it an approximate loss of \$35,000.

At the time of the accident the swirling waters showed on the lower gauge at the lock a depth of 19.7 feet. This coupled with the gale blowing at the early morning hour caused the Sailed to drift aside from the lock retaining wall. Touching the outer wall the tow headed straight for the dam, pulled on by the strong current. Furious speeding of engines of the towing steamer failed of the effect to pull back the tow and the only alternative was to cut loose.

The tow consisted of two steel barges loaded with 30,000 bushels of coal each and one wooden barge loaded with 5,000 bushels. All passed from sight shortly after going over the dam. Later in the morning pieces of the wooden vessel were found along the river shore proving conclusively that it had been completely wrecked. After the river recedes the owners will take measures to ascertain the condition of the steel barges and whether they may be raised and repaired. These new steel barges are of a new type used exclusively by the Vesta Coal company, which is virtually the Jones and Laughlin company. They are strongly constructed and consequently may not prove a complete loss. The Steamer Sailed in backing struck a pier of the Charleroi-Monessen bridge but it was not damaged much. After being repaired a little this boat started back up the river to get another tow.

In charge of the Sailed at the time of the accident was Captain Richard Herman and Pilot Henry Wolfe. One of a fleet of six towboats owned by the Vesta Coal company, it is considered one of the finest vessels of its class along the Monongahela river. It is manned by expert rivermen. No blame is attached to anyone for the accident.

The two steel barges are worth each about \$12,500 and the wooden barge \$5,000. The coal is valued at about \$5,000.

Government men fear damage was done to the dam when the heavy barges went over and a lower river will have to be awaited before they can determine the extent of any possible damage. However, there will be no great difference since the dam is to be re-constructed this summer with concrete.

STATE HIGHWAY DEPARTMENT TO ENCOURAGE WORK IN TOWNSHIPS

In the Bureau of Township Highways and to bring it and the department into closer touch with the township supervisors and the public. The third district with headquarters at Pittsburgh, comprises the following counties: Lawrence, Butler, Armstrong, Indiana, Beaver, Allegheny, Westmoreland, Washington, Greene and Fayette. The engineer in charge is R. B. Hamill, chief in the Bureau of Township Highways at headquarters. The Bureau of Township promotions road shops at Connellsville collapsed are effective April 1.

BACCALAUREATE PLANS DISCUSSED

Rev. Burson to be Asked by School Board to Preach High School Sermon

ONE TEACHER QUITS PLACE

In selecting Rev. John R. Burson pastor of the Washington Avenue Presbyterian church, as their choice to preach the baccalaureate sermon the school board Tuesday night took up the first matter of commencement. The selection of Rev. Burson will be ratified by the class and his acceptance formally asked. The date for the baccalaureate was not definitely set, but it will probably be May 21 at the high school auditorium.

One teacher, Mrs. Robert Worthington, presented her resignation. She teaches in the fourth and fifth grades of the Ninth street school. Mrs. Worthington gave as her reason for resigning that she and her husband were locating in Uniontown. The resignation was accepted and will take effect April 1.

Reports were received from the treasurer and the tax collector. The supply committee was instructed to look after the matter of providing furnishings for the chemical department proposed to be installed in the new building.

WESTMINSTER GUILD HOLDS SHOWER FOR RECENT BRIDE

A shower was held in honor to Mrs. Freda Blank Carson at her home on McKean avenue Tuesday evening by the members of the Westminster Guild of the Washington Avenue Presbyterian church. The evening was spent with games and readings by Miss Marie Whitehead. Mrs. Carson was presented with several pieces of cut glass. A lunch was served.

LOOKS FOR CLOSE RACE IN NATIONAL

President Tener Comments on Relative Strength of Baseball Teams—Concerning Politics Says There is No Occasion for Break

That there will be a close race in the National League this year is the opinion of President John K. Tener, who is on a vacation visit here this week. President Tener was seen at the Charleroi Savings and Trust Company this morning and had the following remarks to make concerning the situation, applying particularly to Pittsburgh's chances:

"Looking over the strength of the several teams, comparatively, I do not find that any of them looks any stronger than Pittsburgh. Some other teams have attracted attention by reason of their acquisition during the off season of new players of some notoriety, but in many cases unknown quantities so far as major league experience goes. Pittsburgh is a well balanced team and is particularly strong in pitchers."

OFFICERS INSTALLED BY FIRE DEPARTMENT

Newly Elected Ones Take Their Seats at Head of Organization—Routine of Business Gone Through By the Department.

The regular monthly meeting of the Charleroi fire department officers were installed Tuesday evening as elected in February. These installed, excepting the company officers were: President, Otto Dorbritz; first vice president, J. R. Chaffant; second vice president, John Ellenberger; secretary, S. M. Martin; treasurer, J. W. Schlatter; chief, J. M. Fleming; assistant chief, J. W. Schlatter; second assistant chief, C. H. Christner; auditors, J. R. Chaffant, Keith Campbell and George Gehring. The regular routine of business was followed.

P. H. C. PLANNING SOCIAL TO BE HELD ON FRIDAY

Committee Meets at Home of Mr. and Mrs. George Silbaugh to Plan This and Other Events.

Following up a line of pleasing mid-winter social features the members of Charleroi Circle 303 P. H. C. have decided to hold a Penny Social Friday evening next. A very enthusiastic committee meeting was held Tuesday evening at the home of Mr. and Mrs. George Silbaugh of Fifth street. Much business of importance connected with the good of the circle in general was transacted and plans laid for future features, principally a dance and encore some time next month in Night's auditorium. At the conclusion of the committee meeting a pleasing social followed. Mrs. Silbaugh, the hostess assisted by Mrs. Clarence Blanchard served an appetizing lunch. M. M. Henline, local deputy is putting much life in the circle with his timely presence at the weekly meetings.

New Spring showing of millinery at Spidell's Opening, Saturday, March 11.

SPIDELL'S SPRING MILLINERY OPENING SATURDAY, MARCH 11TH, 1916

ENGINEER ALLEN CONTINUED IN OFFICE BY BOROUGH COUNCIL

COLORED MAN FIRST ADJUDGED INSANE NOW PRONOUNCED SANE Same Sort of Conditions Apply Which Have Been in Effect for Some Time

Randolph Part, colored a Washington man, who has been confined in the insane department of the County home has been adjudged sane by the physician there and has been remanded to jail with bail fixed at \$500, on a charge of impersonating an officer. Young Pearl was arrested earlier in the year and held for the February grand jury. In the meantime a commission in lunacy was appointed, he was adjudged insane and was committed to the care of the poor directors at the County home.

Upon report to the district attorney that Pearl was not insane the court, upon motion of the district attorney, directed the "non pros." that had been entered, to be lifted and the case set for the May grand jury. His bail is fixed at \$500.

ROOF GIVES WAY; FOUR LOSE LIVES

Anxiety of Railroaders to Hear Evangelist Results in Tragedy

ONE MAN BADLY SCALDED

Four men were drowned, another was badly scalded and others had narrow escapes when a roof over a hot well at the Baltimore & Ohio Railroad shops at Connellsville collapsed Tuesday afternoon allowing a crowd of workmen to fall into the well. The dead are Arthur Wagner, Harry Crossland, Harry Lucas and John Exrono.

E. Mulvihill, who was badly scalded was taken to the hospital. The men had been standing on the roof listening to a sermon by Evangelist "Bo" Jones and had been warned it is alleged, that the roof was unsafe. When the sermon was over the men scrambled down from the roof and the commotion caused two sections of the roof to collapse. The hot well, where steam from the shop boilers exhausts contained 15 feet of water. The water was not hot enough to scald any of the men but Mulvihill is thought to have been caught by an exhaust.

Health Officer William Darby appeared stating the garbage furnace was in bad condition. Harry Perry, garbage collector said it would stand repairs. The matter of a contract for hauling garbage for the ensuing year and the repair questions were placed in the hands of the garbage committee to investigate and report to council.

Representing the Charleroi Business Men's Association, Walter Byerly and M. T. Crowley comprising a special committee appeared asking council to adopt an ordinance eliminating street faking. Council answered by stating such an ordinance would be enacted.

A citizen was present from the Tenth street vicinity asking that the police make more frequent visits there. The police committee was told to look after the request.

Benjamin Watts complained that water was doing damage to his property at Eleventh street and Lincoln avenue. The street committee was instructed to take up the matter.

By resolution council adopted the foundation according to specifications for future street paving, the foundation favored being slag well prepared.

Members of council spoke favorably to electric signs.

The date for the next meeting was set as March 21 where important business is expected to come up.

Tax Collector Mathias' report shown.

Continued on second page.

REPUBLICANS SAVED THE DAY

Was there ever a more stirring and dramatic scene in the history of the United States than the one which was played out in the House of Representatives last night? That the country was not plunged into a civil war, that the power was due entirely to the fact that Republican senators came to the rescue of the country and the Democratic President at a time when the relations between the two countries were strained almost to the breaking point, and when the interests of the foreign power were being held by Democratic senators in more esteem than were the interests of America.

The American Congress has unanimously decided that it will not further cripple President Wilson in his negotiations with Germany or any other foreign country, but to preserve further crippling of the Democratic President. It was absolutely necessary for the Republican leaders of the senate to give him their patriotic support and to abandon all partisan feeling to advance the best interests of this country.

Again and again the Democrats have given substantial proof of their inability to properly govern this great country. The fact that the President had shifted his position and changed his mind at intervals far too frequent in no way justified the attempt made in the senate last week to not only destroy the administration at Washington but to endanger the safety of this country.

America should be the first and only consideration of the members of the United States Congress, and that consideration is firmly rooted in the Republican party and its policies.

The way to succeed is to succeed and the way to build a church is to build it. Carrying out this idea at Speers the men of the Methodist Episcopal denomination propose to do their overall one day this week and show some of the professionals how to excavate. Probably there will be some sore shoulders and bodies after it is all over and done, but what will it matter. The work will be accomplished that would cost many a dollar were it paid for by contract and that money will be saved for the church. This is an example that might well be followed by many another church.

Anyhow it wouldn't hurt to try the concrete paving for some of the streets or alleys. Very satisfactory results have been obtained elsewhere. We are told with concrete and the cost is at least not so great as paving with brick. For down town streets there are many reasons to believe that concrete would be the thing.

ELECTRIC SPARKS

A woman may be the weaker vessel, still you encounter a dreadnought and then.

Just when we begin thinking our coal pile will last all winter along comes a little harder spell of weather.

Now that the president has tried to get the senate on record, wonder if the senate won't take a motion to turn about and put the president on record.

It might be bad enough to work, but it would be a heap worse to be the fellow who attempts to make fun of these church men digging their church foundation Thursday.

After next Wednesday fairer weather may be expected, since that is the date for the expiration of the time limit in the groundhog's prognostications.

An ant can build a pile 10,000 times as high as itself. If a man were as good a man as an ant he wouldn't have much trouble hoisting a skyscraper and lifting a couple to top it off.

PICKED UP IN PASSING

A man was walking along the street and he saw a house on fire. He rushed across the way and rang the bell. After some time a lady who

Charleoi People Give Credit Where Credit is Due.

People of Charleoi who suffer with weak kidneys and bad backs want a kidney remedy that can be depended upon. Doan's Kidney Pills is a medicine for the kidneys only and one that is backed by willing testimony of Charleoi people. Here's a case:

Mrs. Fred Jackson, 207 Prospect Avenue, Charleoi, says: "I was troubled by a constant backache. If I did a little extra work the pain in my back was intense. I didn't rest well at night and got up in the morning lame and stiff. If I stopped, sharp pains caught me and I could hardly straighten up. I also had rheumatic pains in my back and arms. I couldn't do any sleeping. Dizzy spells and hot flashes bothered me terribly. As Doan's Kidney Pills had been used in my family, I got a box at Piper Bros., Drug Store and began taking them. One box practically cured me."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Jackson had. Foster-Milburn Co., Props., Buffalo, N. Y.

THOUSANDS OF SICK WOMEN

Helped Every Year by Common Sense Suggestions Given Free by The Lydia E. Pinkham Medicine Co.

For forty years women suffering from all kinds of female ailments have been writing the Lydia E. Pinkham Medicine Co. of Lynn, Mass., for advice.

Thus they receive common sense suggestions from a vast volume of experience, and thousands of sick women have been relieved from untold suffering, as letters like the following clearly show:

Newark, Ohio.—"Lydia E. Pinkham's Vegetable Compound has made me a well woman. Your Sensitive Wash is just the thing to overcome female weakness. I have told young mothers as well as older ones about your remedies, and what they have done for me. I think Lydia E. Pinkham's Vegetable Compound saved my life, as my health was very bad when I wrote you, but now I can do my own work and have not had a sick day since I began taking your remedies. I keep the Compound and Liver Pills on hand all the time."—Mrs. Geo. Thompson, 24 Sherwood Court, Newark, Ohio.

Why don't you write for free advice? Address Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

Probably True. Customer (to drug clerk):—"Do you keep Doctor Pirate's Peculiar Prescription?" Drug Clerk (absent-mindedly):—"No, but we have something just as bad."—Life.

MOTHERS
Should see that the whole family take at least three or four doses of a thorough purifying system cleaning medicine this spring. Now is the time. The family will be healthier, happier and get along better if the blood is given a thorough purifying, the stomach and bowels cleaned out, and the germs of winter accumulated in the system driven away. Hollister's Rocky Mountain Tea is the very best and surest Spring Remedy to take. Get it at once and see the difference in the whole family. Their color will be better, they'll feel fine and be well and happy. 35c. The best Spring tonic-laxative, purifier. W. F. Hennig

Camel CIGARETTES

win smokers because they find the blend of choice Turkish and choice Domestic tobaccos so refreshing; because they appreciate the absence of tongue-bite, throat-parch and any unpleasant cigaretty after-taste!

You'll prefer this Camel blend flavor to either kind of tobacco smoked straight. And the quality is so apparent men do not look for or expect coupons or premiums!

Once you know the delightful mellow-mild-smoothness of Camels—and how liberally you can smoke them without a comeback—you'll choose them against any cigarette at any price!

Camels are sold everywhere in scientifically sealed packages, 20 for 10c; or ten packages (200 cigarettes) in a glassine-paper-covered carton for \$1.00. We strongly recommend this carton for the home or office supply or when you travel.

Be it ordained and enacted by the Burgess and Town Council of the Borough of Charleroi, Washington County, Pennsylvania and it is hereby ordained and enacted by authority of the same:

Section 1.
That the Burgess of the Borough of Charleroi be and is hereby authorized and instructed, as required by Ordinance No. 17, Section 5, and the several other proper ordinances of the Borough, to advertise for and receive proposals for the grading, paving with vitrified brick and curbing with stone or concrete of all that portion of Fifth Street, lying between Blythe Alley and the West Borough line, in said Borough, in accordance with plans and specifications of the Borough Engineer, approved by the Burgess and Town Council as provided by the several Acts of Assembly.

Section 2.
The said Burgess is further authorized to enter into a contract or contracts, in conjunction with said Town Council, with any responsible party, parties, corporation or corporations, such being the lowest and best bidder or bidders for said grading, paving and curbing; said party, parties, corporation or corporations to give bond in the sum of Dollars, with surety to be approved by the Burgess and Town Council, to do said grading, paving and curbing, including the furnishing of material in strict conformity to and with said plans and specifications of said Borough Engineer and under his direction and supervision.

Section 3.
Upon the completion of said grading, paving and curbing, two-thirds of the costs and expenses thereof shall be assessed and collected from the owners of the real estate bounding or abutting thereon by an equal assessment of the feet frontage bounding or abutting as aforesaid, as provided by the Act of Assembly, approved May 12th, 1911, P. L. 288, and the other several laws of the Commonwealth of Pennsylvania, and Ordinances of said Borough; said assessment to be estimated by the Borough Engineer.

Ordained and enacted into an ordinance this day of 1916.

President of Council.

such being the lowest and best bidder or bidders for said grading, paving and curbing; said party, parties, corporation or corporations to give bond in the sum of Dollars, with surety to be approved by said Burgess and Town Council, to do said grading, paving and curbing, including the furnishing of material in strict conformity to and with said plans and specifications of said Borough Engineer and under his direction and supervision.

Section 3.
Upon the completion of said grading, paving and curbing, two-thirds of the costs and expense thereof shall be assessed and collected from the owners of the real estate bounding and abutting thereon by an equal assessment of the feet frontage bounding or abutting as aforesaid, as provided by the Act of Assembly, approved May 12th, 1911, P. L. 288, and the other several laws of the Commonwealth of Pennsylvania, and Ordinances of said Borough; said assessment to be estimated by the Borough Engineer.

Ordained and enacted into an ordinance this day of 1916.

President of Council.

FOOTBALL SCHEDULE IS NOW BEING FILLED UP

Hard games ahead next fall for High School Eleven—Washington, Donora, Monessen, Braddock and Uniontown Already Booked.

Manager S. R. Grimm of the Charleroi high school football team is busy filling up the schedule for the coming fall, and has booked several hard games. Many of the same teams Charleroi high played last year will be on the list, but taken as a whole the schedule will be the hardest high ever had.

The Washington county teams with which games have already been arranged are Washington and Donora. Monessen will be carried as usual. Uniontown, North Union high and Braddock are scheduled. Games are pending with Greensburg high school, East Liberty Academy and Connel'sville high school.

Manager Grimm and Coach Joseph Gdaniec anticipate a good football year. Athletic affairs are shaping up here better than ever under the wise conduct of a carefully selected governing association. The high school ranks second in size in Washington county and shares honors with Washington in athletics.

A good string of men will turn out next fall as candidates for the team. Many of last year's squad will be back in school, although some of the stars will be graduated this spring. Walter Hepler is to captain the team. Others who will return are Brown, Stahlman, Pierson, Ritchey, L. Lowstuter, Fagye, Paluso, Carson, Dolan, Sutherland, Schmeier and Swickey among others. As yet the coaches have no string on new men.

DEAF AND DUMB CHILD IS STRUCK BY AUTO

A deaf and dumb child whose name could not be learned was struck by an automobile at the corner of McKean avenue and Eleventh street Tuesday evening at about 6 o'clock.

The child was carried into a nearby home and it could not be ascertained for the moment whether or not the lad was badly injured, because he could not talk. However by various tests before the doctor arrived the lad was found not to be badly hurt.

SEVEN SOCIAL AT LOCAL CHURCH WELL ATTENDED

About 130 persons attended the "Seven Social" which was held at Christ Lutheran church Tuesday evening. Everything ran to seven.

A good program was rendered by a junior choir. A. L. Heupel, George Gehring, Helen McCurry, Sarah Mack, Miss Mitchell, and Mrs. H. Shuttleworth.

Chimney Fire.

The fire department was called out this morning at 9:45 o'clock by the report of a fire at Seventh street and Lookout avenue. There really was no fire, it being only a chimney blaze.

HIGH COST OF LIVING.

Things That Are Mere Comforts Now Used to Be Luxuries.

No economist has put enough emphasis on the fact that if the cost of living is higher now it is to a large extent because the average man is enjoying more comforts and luxuries than he did a few years ago.

Before the days of plumbing and barbers as the workman missed some comforts, but he is not ready to throw the plumbing out of the house.

Oil is cheaper for light than electricity, but people pay more for a single light because they want the better service even at the higher price.

Worthless by the thousands have photographs, a form of entertainment unknown until a very few years ago.

Even street cars are rather a new thing, and the poorest families spend many dollars every year for this service, which has become indispensable.

Magazines are purchased now by many people who ten years ago had never subscribed for such a publication.

Thousands of articles are for sale in every department store, of which a large percentage are purchased at some time or other by the average wage earning family.

Modern living does cost more assuredly, but it also yields more.—Milwaukee Journal.

SPEED OF A STAR.

With a Thought That Points a Mor to Impatient Humanity.

There is a star—a reddish star known as Arcturus—that is traveling at the rate of 150 miles a second, and what is interesting about it is it is coming this way and will come for many years, but it is so far away that it doesn't seem to have any motion at all. It is in exactly the same spot, so far as our vision is concerned, where it was a century ago.

There is another star known as the "runaway" whose speed is twice that of Arcturus—that is, it could sweep across Ohio in a second of time.

We refer to this fact that the gentle reader may understand how insignificant are the little concerns of life that tear his patience into tatters and turn the world into woe. Long after he has gone Arcturus will be traveling 150 miles a second and to all appearances not budging an inch. How modest and patient should this touch of near infinity make us all! And yet, as Tennyson says:

We cannot be kind to each other here for an hour.
We whisper and hint, and chuckle and grin at a brother's shame.
However, we brave it out: we men are a little braver.

—Columbus Journal.

Saves the Tires.

He doesn't look like a very important part of a big automobile organization, this stooped, grizzled man, but the president of a great motorcar company says that "Magnet Bill" saves his salary a dozen times over every day he works.

Rain or shine, summer or winter "Magnet Bill" may be seen walking slowly about the automobile plant, his eyes on the ground. "Magnet Bill" gets his nickname from the fact that his tools consist solely of one tin bucket and a big steel magnet strapped to the end of a shovel handle.

It is his duty to save automobile tires by removing from the roadway every nail and bit of metal that might cause a puncture. Thousands of cars are run over the roadway to the testing place, and it is figured that without the precaution taken by "Magnet Bill" the cost for cut and punctured tires would be \$20,000 every year.—Popular Science Monthly and World's Advance.

There is a Real Difference

Cream of tartar, derived from grapes, is used in Royal Baking Powder because it is the best and most healthful ingredient known for the purpose.

Phosphate and alum, which are derived from mineral sources, are used in some baking powders, instead of cream of tartar, because they are cheaper.

If you have been induced to use baking powders made from alum or phosphate, use Royal Baking Powder instead. You will be pleased with the results and the difference in the quality of the food.

INJURED WHILE AT WORK AT LOCK FOUR TUESDAY

Charles Hillman of Monongahela who is employed as a carpenter for the government at Lock No. 4, was injured Tuesday morning, but not seriously. He was engaged with other employees in unloading a car of lumber. A piece of lumber was knocked off the car and the end struck him in the face, inflicting a severe wound. He was attended by a doctor and it required several stitches to close the wound.

WHY not give your lad the same training?

"When I was a growing lad, and came upon many words in my reading that I did not understand, my mother, instead of giving me the definition when I applied to her, uniformly sent me to the dictionary to learn it, and in this way I gradually learned many things besides the meaning of the individual word in question—among other things, how to use a dictionary, and the great pleasure and advantage there might be in the use of the dictionary. Afterwards, when I went to the village school, my chief diversion, after lessons were learned and before they were recited, was in turning over the pages of the 'Unabridged' of those days. Now the most modern Unabridged—the NEW INTERNATIONAL—gives me a pleasure of the same sort. So far as my knowledge extends, it is at present the best of the one-volume dictionaries, and quite sufficient for all ordinary uses. Even those who possess the splendid dictionaries in several volumes will yet find it a great convenience to have this, which is so compact, so full, and so trustworthy as to leave, in most cases, little to be desired."—Albert S. Cook, Ph.D., LL.D., Professor of the English Language and Literature, Yale Univ. April 26, 1911.
